Chapters are expected to meet each item listed in the CARE Foundation tier. CARE Plus is an optional tier in which a chapter should complete at minimum the number of items noted in each category. | The chapter board meets at least once per quarter and makes meeting minutes available to members. | Board meetings are the time and place for chapter leaders to monitor the chapter's financial situation, address chapter issues, agree upon solutions, communicate the status of ongoing projects, and develop future chapter leaders. Since the board makes legally binding decisions for the chapter, it is a good practice for leaders to share the results of these meetings with chapter members. This builds members' trust and gives members an opportunity to engage in chapter activities, including that of volunteering. | **Recommendations on how to accomplish:**  
- Organize board meetings via the following venues:  
  - In person (recommended)  
  - Virtual (i.e., conference call, web conferencing).  
- Maximize meeting effectiveness by following standard meeting guidelines such as using an agenda, establishing timeframes, encouraging contribution, etc.  
- Capture minutes and share with members how meeting minutes can be accessed. Minutes may share key decisions and actions rather than detailed minutes of who said what.  

**Samples from other chapters:**  
- [New York City: Board Meeting Position Status Report Templates](#)  
- [Tulsa Board Meeting Minutes](#)  
- [Valley of the Sun: Board Meeting Minutes Collaboration](#)  

The chapter submits a current board roster in eXcel format with CARE and updates ATD. Providing a current board roster as well as updates when changes occur helps build a connected ATD community. This allows for the dissemination of information about Chapter Services using the MS Excel board roster.

Chattanooga and Central Iowa SOS Submissions

**Chattanooga Area** dedicates time at each board meeting for a CARE update, a review of the CARE checklist and any additional CARE items that require This practice recognizes CARE as a central part of the chapter’s business, and as a result, the chapter is on track to meet its goals.

- Ensures CARE is addressed frequently and is a key part of chapter business.

Work collaboratively to develop an annual report that’s easy for members to understand.
Hawaii and Kansas City SOS Submissions

**Hawaii’s** board produced a video to showcase the chapter’s commitment to continuous improvement, progress toward CARE achievement, and activities throughout 2018.

✓ Video showcased the chapter’s accomplishments in an easily accessible format.
✓ The chapter can continue to use the video as a marketing tool to promote the value of local and national membership as well as upcoming events.

**Kansas City’s** board worked together to gather data for the annual report with infographics which included information from the chapter’s annual survey, goals, and activities.
