

Learning Activity 11–12: To Tell the Truth! Review

OBJECTIVE

The objective of this learning activity is to

- ♦ reinforce materials that were discussed in the previous workshop.

MATERIALS

- ♦ none

TIME

- ♦ 15 minutes

INSTRUCTIONS

1. Ask each person to think of three facts that were discussed in the previous session. Two will be correct, one should be false. They are going to try to fool the room in the style of the old game show “To Tell the Truth.” (Don’t admit if you’re old enough to remember the television show!)
2. Each person will stand and say his or her three statements. The group will guess which one is incorrect. They will correct the statement if they know the right information.
3. Conduct a debriefing discussion, using these questions.

DISCUSSION QUESTIONS FOR DEBRIEFING

- ♦ Do you have questions about any of these statements?
- ♦ Did you remember more than you thought you would?
